

**FEDERAL ENVIRONMENTAL,  
INDUSTRIAL AND NUCLEAR SUPERVISION SERVICE  
(ROSTECHNADZOR)**

**ORDER**

September 25, 2020

No. 371

Moscow

**Concerning Amending the Methodological Recommendations of Federal  
Environmental, Industrial and Nuclear Supervision Service for  
Implementation of State Control (Supervision) of the Compliance with  
Industrial Safety and Licensing Requirements Using Means of Remote  
Communication, approved by Rostekhnadzor Order No. 201 dated May  
27, 2020**

In order to bring it into conformity with Federal Law No. 439-FZ of December 16, 2019 “Concerning Amendments to the Labor Code of the Russian Federation in terms of generating information on labour activity in electronic form”, I order:

Introduce the following changes to the Methodological Recommendations of Federal Environmental, Industrial and Nuclear Supervision Service for implementation of state control (supervision) of the compliance with industrial safety and licensing requirements using means of remote communication, approved by order of Rostekhnadzor No. 201 dated May 27, 2020, as follows:

subparagraph 1 of paragraph 7.1.1, after the words “extracts from work record books”, add the words “or information about labor activity in accordance with article 66.1 of the Labor Code of the Russian Federation”;

subparagraph 3 of paragraph 7.1.2, after the words “extracts from work record books, add the words “or information on labor activity in accordance with Article 66.1 of the Labor Code of the Russian Federation”;

subparagraph 1 of paragraph 7.1.3, after the words “extracts from work

record books”, add the words “or information about labor activity in accordance with article 66.1 of the Labor Code of the Russian Federation”.

Chairman

A.V. Aleshin
